

WELLS MIDDLE SCHOOL SUMMER READING 2011

Our Summer Reading Program will kick off this week with a Scholastic Book Fair held in the Wells library. Students will have an opportunity to visit the Book Fair during the school day and may return at night with their families. Many popular titles will be available for purchase, including the books listed below, which are the chosen titles for summer reading. As summer reading books will NOT be provided to students this year, this is a chance for all students to purchase their book of choice and be prepared for the summer project. Students will receive a detailed packet concerning the assignment before the end of school.
